*Adaptation and Learning in Control  
and Signal Processing*

**ALCOSP 2001**

Cernobbio-Como (Italy)  
29, 30, 31 August 2001

## Publication and Copyright

The material submitted for presentation at an IFAC meeting (symposium, conference, workshop) must be original, not published or being considered elsewhere. Papers duly presented at the workshop will be archived and offered for sale, in the form of Proceedings volumes by Elsevier Science, Oxford, England. The presented papers will be further screened for possible publications in the IFAC journals *Automatica* and *Control Engineering Practice*, or in an IFAC affiliated journal. All papers presented will be recorded in *Control Engineering Practice*. Copyright in material presented at an IFAC meeting is held by IFAC. Authors will be sent a copyright transfer form. *Automatica*, *Control Engineering Practice* and, after these, IFAC affiliated journals have priority access to all presented contributions. However, if the author is not contacted by an editor of these journals, within three months after the meeting, he/she is free to re/submit the material for publication elsewhere. In this case, the paper must carry a reference to the IFAC meeting where it was originally presented. Authors in any doubt should consult the detailed IFAC Copyright conditions available from the IFAC Secretariat.

## Cover

The cover is a reproduction of a twin postcard (mailed in 1906) from the personal collection of art drawings of Federico Canobbio Codelli. The postcard was printed by Brunner E. C., Como-Zurich. The cover art work, photographic adjustments and layout, was performed by Mirko O. Verona.

## **Welcome to ALCOSP 2001**

ALCOSP 2001 draws together a wide range of up-to-date contributions in the areas of adaptive systems and learning. The program consists of technical sessions, organized in two parallel streams, and three plenary lectures.

The workshop is rooted in a longstanding activity in IFAC. It is the 7th in a series originated in San Francisco in 1983, and then continued in Lund (1986), Glasgow (1989), Grenoble (1992), Budapest (1995) and Glasgow (1998).

On behalf of the International Program Committee and the National Organizing Committee, I would like to welcome you in Cernobbio-Como. We hope you will enjoy the workshop.

**Sergio Bittanti**  
IPC Chair

## ALCOSP 2001

### International program committee

S. Amari (Japan)	I.D. Landau (France)
K. J. Åström (Sweden)	L. Ljung (Sweden)
R. R. Bitmead (USA)	R. Lozano (France)
S. Bittanti (Italy) (Chairman)	I.M. Mareels (Australia)
P. Bolzern (Italy)	R. Marino (Italy)
E. F. Camacho (Spain)	M. Morari (Switzerland)
M. C. Campi (Italy)	A. S. Morse (USA)
H. F. Chen (PR China)	E. Mosca (Italy)
G. Cybenko (USA)	K. S. Narendra (USA)
M. Deistler (Austria)	R. Ortega (France)
T. Duncan (USA)	T. Parisini (Italy)
A. Fradkov (Russia)	B. Pasik Duncan (USA)
L. Gerencsér (Hungary)	J.W. Polderman (The Netherlands)
M. Gevers (Belgium)	B. Polyak (Russia)
G. C. Goodwin (Australia)	A. Sano (Japan)
M. J. Grimble (UK)	S. S. Sastry (USA)
L. Guo (PR China)	R. Scattolini (Italy)
R. Isermann (Germany)	V. N. Vapnik (USA)
T. Katayama (Japan)	M. Vidyasagar (India)
L. Keviczky (Hungary)	B. Widrow (USA)
P. R. Kumar (USA)	B. Wittenmark (Sweden)
W. H. Kwon (Korea)	

### National Organizing Committee

E. Mosca (University of Florence) (Chairman)  
T. Parisini (Politecnico di Milano)  
F. Previdi (Politecnico di Milano)  
S. M. Savaresi (Politecnico di Milano)

### Conference Secretariat

C. Stefanetti  
*Centro di Cultura Scientifica A. Volta*  
Villa Olmo - Via Cantoni 1  
22100 COMO (ITALY)

# Organization and Sponsorship

The workshop is organized by:

Italian National Member Organization of IFAC: CNR  
(Consiglio Nazionale delle Ricerche)

It is sponsored by:

IFAC Technical Committee on Adaptive Control and Learning  
IFAC Technical Committee on Stochastic Systems

The support of

- *Dipartimento di Elettronica e Informazione, Politecnico di Milano, Italy,*
- *CNR- Centro Studio Tecnologie Informazione e Automazione –Milano, Italy*
- *European TMR Research Network Non-Linear and Adaptive Control*

is gratefully acknowledged.

# Workshop Program

IFAC WORKSHOP ON ADAPTATION AND LEARNING IN CONTROL AND SIGNAL PROCESSING - August 29, 2001	
9:15-9:30	<i>Welcome Address</i> S. BITTANTI Politecnico di Milano
9:30-10:30	<i>Nonlinear Identification and Adaptive Control of Combustion Engines</i> R. ISERMANN Darmstadt University of Technology, Germany Paper co-authored by N. Müller
Break	

	<b>Model Reference and Predictive Control</b>	PAGE	<b>Applications to Mechanical and Bio-mechanical Systems</b>	PAGE
11:00-11:20	<i>Identification-oriented predictive control</i> L. KAMMER, G. DUMONT Pulp and Paper Centre, University of British Columbia, Canada	13	<i>Identification for the moving objects by using the observed image data</i> X. CHEN (1), G. ZHAI (2) (1) Department of Intelligent Mechanics, Kinki University, Japan (2) Department of Opto-Mechatronics, Wakayama University, Japan	43
11:20-11:40	<i>An alternate new gap metric for robustness measure</i> L. KEVICZKY, CS. BANYASZ Computer and Automation Research Institute, Hungarian Academy of Sciences, Hungary	19	<i>Identification of a biomechanical system using neural networks</i> T. SCHAUER (1), K. J. HUNT (1), M. H. FRASER (2), W. STEWART (2), F. PREVIDI (3) (1) Centre of Systems and Control, University of Glasgow, Scotland (2) National Spinal Injuries Unit, Southern General Hospital, Scotland (3) Dipartimento di Elettronica e Informazione, Politecnico di Milano, Italy	49
11:40-12:00	<i>Model Reference Adaptive Control of Nonlinear Multivariable Systems using an Interactor Structure Estimation</i> Y. MUTOH Department of Mechanical Engineering, Sophia University, Japan	25	<i>Decentralized adaptive continuous-time control of coupled drives apparatus</i> V. BOBAL, K. PERUTKA, P. DOSTAL Department of Control Theory, Institute of Information Technologies, Tomas Bata University, Czech Republic	57
12:00-12:20	<i>Robust MRAC of a linear time-varying parabolic system with bounded disturbance</i> K.-J. YANG (1), K.-S. HONG (2), S.-H. LEE (1) (1) Department of Mechanical and Intelligent Systems Engineering, Graduate College Pusan National University, Korea (2) School of Mechanical Engineering, Pusan National University, Korea	31	<i>A simplified model for head-neck segment fast movements in the frontal plane</i> A. PEDROCCHI, A. LENTINI, M. LOCATI, A. PEDOTTI, G. FERRIGNO Department Bioengineering, Politecnico di Milano, Italy	63
12:20-12:40	<i>Robust EMM and adaptive control for a discrete-time plant</i> W. KASE (1), Y. MUTOH (2) (1) Department of Electrical Engineering, Osaka Institute of Technology, Japan (2) Department of Mechanical Engineering, Sophia University, Japan	37	<i>Comparison of two iterative learning concepts applied on a manipulator with cogging force disturbances</i> J. VAN DIJK, E. SCHRIJVER University of Twente, Cornelis J. Drebbel Institute for Systems Engineering, Faculty of Mechanical Engineering, Department of Mechanical Automation, Netherlands	71
Lunch				

	<b>Adaptive Control and Learning</b>	PAGE	<b>Neural networks for Control</b>	PAGE
14:30-14:50	<i>A comparison of optimal iterative learning control schemes</i> M. RZEWUSKI (1), E. ROGERS (1), D.H. OWENS (2) (1) Department of Electronics and Computer Science, University of Southampton, UK (2) Department of Automatic Control and System Engineering, University of Sheffield, UK	77	<i>RBFN model adaptation based on orthogonal decomposition</i> D.-L. YU, J.B. GOMM School of Engineering, Liverpool John Moores University, UK	101
14:50-15:10	<i>Virtual Reference Feedback Tuning: a new framework for data-based design of PID and Linear Controllers</i> A. LECCHINI (1), M. CAMPI (2), S.M. SAVARESI (3) (1) CESAME – Université Catholique de Louvain, Belgium (2) Dipartimento di Elettronica per l'Automazione, Università di Brescia, Italy (3) Dipartimento di Elettronica e Informazione, Politecnico di Milano, Italy	83	<i>Approximating networks for the solution of T-stage stochastic optimal control problems</i> M. BAGLIETTO (1), C. CERVELLERA (2), T. PARISINI (2), M. SANGUINETI (1), R. ZOPPOLI (1) (1) Dept. Of Communications, Computer and System Sciences DIST, University of Genova, Italy (2) Dept.
